Always: The story of a daring fire fighter pilot (Richard Dreyfus) who must return to earth to help his former lover (Holly Hunter) get on with her life. This is another Spielberg film that promises to be an inspiring experience. See review on the next page.

Back to the Future II: Future II is a fast paced film recommended only to those who really want to sit back and enjoy a good action-packed plot. Michael J. Fox, Christopher Lloyd, and the DeLorean return to their respective roles with the skill and grace of the first film.

Born on the Fourth of July: Tom Cruise again shows his skill in dramatic roles in this Oliver Stone picture about the life of Ron Kovic, a Vietnam veteran who, after being crippled in the war, returns home to a less than appreciative public. See review above.
